SWEET MELODY FLOUR

What is Life.
In the last analysis nobody knows,
but we do not know that it is under
strict law. Abuse that law even slight-
ly, pain results. Irregular living means
derangement of the organs, resulting in
Constipation, Headache or Liver trouble.
Dr. King's New Life Pills quickly re-
adjusts this. It's gentle, yet thorough.

THE BEST IN THE WORLD

WITHOUT A RIVAL OR A PEER IN THE CURE OF DISEASE

Life Plant

stands peerless and alone as the sovereign remedy for the speedy and permanent cure of Rheumatism, Catarrh and all diseases of the blood.

Miss Mary Mommy, Urbicville, O., says:
"I had rheumatism, very painful, time and rest so badly swollen that I could not wear my shoes. Tried various remedies but could get no relief until I was induced to try Life Plant. When I had taken one bottle the swelling and pain were all gone and have not returned. I feel decidedly better every way. Cannot say too much for Life Plant."

NO CURE NO PAY is our guarantee. It is the most certain cure for diseases of the blood on the market. If you feel badly why not take a bottle, just the thing to tone up the system.

THE AMIABLE MULE.

A Few Words of Praise For This Much Maligned Animal.
"After a lifetime of close association with the mule," says an old military official, "I have never known him to kick a man, nor have I ever met a man who knew another man of his own knowledge who had been kicked by a mule."
"This is a bold statement, but it is true nevertheless. You can question soldiers of the army everywhere, and I confidently predict that they will bear me out in this. I know I am speaking a popular belief. I ask you to stop and think and see if I am not doing our mule friend a deserved service. Mules are as kicks are plenty. Mule kicks are as kicks are plenty. Were you ever riding at night on the prairies, far away from comrades and camp, weary, looking for the distant twinkling campfires not to be found? Did you ever at such a time see your mule friend lift his tireless head and blow his resonant trumpet of discovery of the sought for haven? He has not seen it, but he has smelt it, and in a moment is trotting a bee line for the distant picket line and forage ration. Were you ever riding across a dreary, dry, dusty country, thirsty, no water in sight and its whereabouts undiscovered? Throw the bridle loose on the mule's neck and give him his way. He will take you to water as unerringly as a carrier pigeon wings its way to its roost."—Nebraska State Journal.

THE PHONOGRAPH.

Its Invention Was the Result of a Cut on the Finger.
An accident—a cut on the finger—caused Edison to invent the phonograph, or talking machine.
Mr. Edison told the story of this invention to a reporter. At the time, he said, he was singing into a telephone, and in the telephone's mouthpiece he had placed, for safe keeping, a fine steel point. Suddenly this point came, that it had been moving here and there and roundabout, guided by the vibrations of his voice.
He placed a strip of yellow paper under the steel point, replaced it in the mouthpiece and said the alphabet. The steel, while he spoke, ran over the paper, and for each letter of the alphabet it made a different mark or scratch.
This was what Mr. Edison had hoped for. He now held the steel point still and drew the paper scratches slowly over it. There was given forth, very faintly, the alphabet as he had repeated it.
Thus the principle of the phonograph—the registering and the reproduction of the voice's vibrations—was discovered through the cutting of a finger. It was Edison's finger, though, that was cut. Smith's or Brown's might have been quite hacked on and no phonograph would have resulted.

Nose Musicians.
Of the Tagbanoua, a tribe on the long narrow island called Palawan, in the Philippines, Mr. Landor writes: "Most musicians of other nationalities play wind instruments by applying them to the mouth. The Tagbanoua plays them with his nose. The lantol, a reed flute, has two holes, and one nose piece at one end of the cane, at the joint. The lantol is pressed by the thumb against the left nostril, the right nostril being held tightly closed by the first finger of the hand. The Tagbanoua nose is so flattened at the base and has such expanded nostrils, elongated at the side, that it is especially adapted for this purpose. The Tagbanoua musician can get in this fashion some sweetly pathetic sounds—by far the most melodious sounds I have ever heard from any body's nose, and he is even bold enough to attempt, with success, too, a trill."

A Good Time to Stop.
When you have said what you intended to say, stop; when you have written what you intended to write, stop. A practice of this habit will render many after dinner speakers tolerable and many literary persons readable. Verbosity is the ruin of much that might otherwise be endured patiently.—Schoolmaster.

Confessing.
"George, dear," she said, with a blush, "do you know that Mr. Shapson asked me last night to be his wife?"
"Well, I like his impudence! The idea of proposing to an engaged young lady! What did you say to him?"
"I told him that I was very sorry indeed, but he was too late."—The Bits.

A Funny Nuisance.
Of a prominent lecturer of London an acquaintance says: "On one occasion he was the guest of a friend of mine, a busy Liverpool merchant, and when the popular lecturer returned from the hall he asked for all sorts of impossible dishes and liquid concoctions peculiar to abstemious, a demand which somewhat upset the routine of the household. When in bed his nervous temperament was tried; he could not bear the ticking of the clocks, so he paraded the house in the small hours of the morning and stopped them all. In consequence of this the servants had to be roused by violent bell ringing. But the guest was not to be distressed, so he arose again and ordered the servants back to their rooms and locked them in and then went back to bed."

A Relic of Barbarism.
In ancient times it was the custom of the victors in a battle to decorate their doorposts with the skulls of the vanquished. With the advance of civilization of course we no longer continue this relic of barbarity, but the custom has not been allowed to drop altogether, as is seen by the stone balls which are often set on gateposts, a relic of a barbarous idea of long ago. In certain parts of Africa the skulls are still used as decorations. Whole villages may be seen with the doorposts of the houses surmounted in this gruesome fashion.

Worse Every Year

Plenty of Clarksburg Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys. If you don't other kidney ills follow—Urinary troubles, diabetes, Bright's disease.

A Clarksburg citizen tells you how—the cure is easy.
R. E. Johnson, miner, of 314 Jackson street, says: "I have never had a strong back, something necessary to a man who follows my occupation, and of late years I have suffered a great deal from attacks of pain across the loins, each succeeding one more severe and prolonged than its predecessor. My back has been so lame and sore that when I bent it was all I could do to straighten, and after I contracted a cold it was sure to react itself in the loins, and misery very feebly expresses what I endured. Thinking that Doan's Kidney Pills might help, I went to Wells & Haymaker's drug store for a box, more out of curiosity than expecting results. The treatment agreed by surprised me. I never used a medicine which gave such undoubted relief as Doan's Kidney Pills. Mrs. Johnson can speak just as positively about the remedy as I. She used it for symptoms of undoubted kidney complaint and the results received proved that for weak or overexcited kidneys nothing can equal Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
